**Attachments:** Summary of Work under Task 2--Col TMDL.doc

---

Mary Lou--

Hope your time off was great.

Attached for your review is a draft one-pager that we've prepared to wrap up the work we've done under the Columbia/Snake TMDL statement of work. Let us know if you have comments. Of course, the final summary of the 12/7 UAA meeting and our final progress report/invoice are still forthcoming.

Did you ever hear back about the status of the added \$1,000? Does it live on beyond 12/31/05?

I had on my calendar that you were going to call me yesterday. I'll try to reach you later today.

Jerry Boese
